ASA SWIMMING ASSISTANT TEACHER COURSE 2018

In view of the fact that the ASA of Malta intends to revitalise and improve the courses it provides, it has become a satellite member of the UK's Institute of Swimming (IOS). The IOS is the largest training provider of aquatic sports qualifications, running the latest swimming teacher and coaching courses through continual professional development (CPD) seminars. This institute is also the sole provider of the UK's ASA coaching certificates, successfully training eight thousand teachers and coaches per year.

The ASA courses will incorporate new teaching and coaching methods in order to meet the IOS and international standards and will consist of three levels, namely:-

1. Level 1 Swimming Teacher Assistant
2. Level 2 Swimming Teacher
3. Level 3 Qualified Aquatic Sports Coach.

With this new and improved advanced coaching course structure, Malta's level of aquatic sports will improve substantially. In fact, to develop the special skills needed for aquatic sports, a teacher has to inspire confidence and be motivated and knowledgeable, and only in this way can they obtain the very best out of their athletes. Athletes have diverse personalities, learning styles and interests across the different age groups and as such the teachers should use a variety of strategies such as “learning through play” thus stimulating curiosity and learning. We believe that the quality of the learning experience is highly dictated by the quality of the teachers and therefore, we feel that aspirant teachers/coaches have to be prepared in a more in-depth manner.
